

Fishman Haygood welcomes Chip Saulsbury as a Partner in the Firm

Fishman Haygood proudly announces that Chip Saulsbury has become a partner in the firm. Chip's practice primarily focuses on mergers and acquisitions, private equity, and general corporate matters.

Chip represents private equity funds, family investment offices, and individuals in a wide breadth of M&A and direct investment activities. He also helps companies with strategic acquisitions, but is just as adept at working on the seller-side of deals. Chip also works closely with family and closely held companies in planning and structuring their businesses efficiently, often through the use of LLCs.

Chip looks forward to continuing to help Fishman Haygood's clients effectively implement their strategic plans with his consistent, efficient, and responsive service.
